

May 7, 2012

Dear Parents and Guardians:

This is a busy week for my family. I know that you all have some very busy days ahead of you.

The Mackinac trip is coming up and the children will need pencils to take with them for the activities. The work we have already completed, the work we will do right before the trip, while we are on the trip, and after the trip are important parts of the Social Studies grade. We will be sending a list of things that they will need next week for the trip. Even with warm weather, the Straits of Mackinac can become quite cold, so keep the winter coat out for them to bring with them.

Spelling words for the week are:

Basic: **deliver favorite camera yesterday tomorrow important together victory
remember library enemy animal another however banana alphabet
hospital hamburger carpenter several**

Challenge: **interview article halibut edition photograph**

Please study!

The children will have a social studies test on Thursday of this week. Please help them study! Their book should come home each night this week.

Let's make this a great week.

Mrs. Horst
